

KTV The Name of Quality, Efficiency and Performance.

Product List.

WIRE CLOTH

- Mesh Wire Cloth
- Filters, Screen Packs
- Rectangular Replacement Screen.
- Lab Sieve.

SIFTER & SEPARATOR.

- Circular, Centrifugal and Static screening equip.
- Rectangular.

DRYERS

- Spray Dryer.
- Fluid Bed.
- Spin and Tumble. Crystallization/Cooling System, Pelletizer.

Rotary Airlocks

All of our airlocks come standard with 8-blade rotors and precision, temperature-compensated machine to minimize air loss under operating conditions. Oversized inlet throat and rotor pockets ensure maximum displacement for each model size.

AIR CLASSIFIER

- Separates Dry Free-Flowing Product from 150-1
- Allows for very narrow Particle distribution.
- Control of mean Particle size and Cut Point.
- Adjustable Secondary Air System for Precise Cuts

Size Reduction

Hammermill
Milling & Pulverizing

- Hammer Mill.
- Roll Mill.
- Air Classifying Mills.
- Fine Grinders.
- Compactor.
- Lump Breakers.

MAGNETIC

- Tube, Grate, Drawer, plate, Drum Magnets.
- Pneumatic Line Sanitary liquid and custom Magnet designs.

Centigugal Sifter

- Totally Enclosed.
- Smooth and quiet operation.
- Self Cleaning.
- Easy Access to all Internal parts.
- Easy Screen Change

Continuous Weigh Scales

- Ranges: 0 to 10 TPH
- 10 to 40 TPH
- 25 to 100 TPH
- 100 to 500 TPH
